

British Columbia Athletic Commission Anti-Doping Policy

Contestant or Second Anti-Doping Acknowledgement

I understand that the British Columbia Athletic Commission (BCAC) has an Anti-Doping Policy (the Policy) in force. I further understand and agree that:

- 1) As a *Contestant* or *Second* who is a license holder of BCAC, participating in Events sanctioned by BCAC, or serving a sanction under the Policy, I am subject to the Policy and, as a result, I am bound by and must respect all the rules and regulations contained therein.
- 2) I have had the opportunity to review the materials available at the [BC Athletic Commissioner](#) website that explain what is included in the Policy, or I have been informed, by the present, that such materials are available for review, including but not limited to:
 - The sample collection process;
 - Roles and responsibilities of *Contestants* and *Seconds*;
 - Substances and methods on the Prohibited List;
 - The Medical Exemption process; and
 - Violations and sanctions under the Policy.
- 3) There is a risk of doping associated with using nutritional and performance supplements, and it is my responsibility to ensure that anything I consume is free of prohibited substances.
- 4) Some prescription and non-prescription medications are prohibited in sport, and it is my responsibility to check the status of my medications and take the necessary steps to acquire a [medical exemption](#) as required under the Policy.
- 5) I will be held strictly liable for any prohibited substance found in any sample that I provide.
- 6) The Policy applies to me, and I may be selected for doping control at any BCAC sanctioned event. I may be required to provide a urine and/or blood sample for testing.
- 7) I must disclose to the BCAC if I am serving a sanction for an anti-doping rule violation under the rules of another anti-doping program or if a sanction for an anti-doping rule violation is imposed against me under the rules of another anti-doping program after the date of signature of this form.
- 8) Any offensive conduct towards doping control personnel, even if it does not result in an anti-doping rule violation, may still result in a suspension or penalty under BCAC's regulations.
- 9) I will be subject to the Policy until my retirement *or* the conclusion of a results management process for an anti-doping rule violation asserted against me under the Policy.

By signing this form, I acknowledge and agree that I will remain subject to the Policy and the clauses above as long as I am licenced to participate in BCAC events, and that I have been informed of or had the opportunity to review the anti-doping materials provided on the BCAC website before participating in an event.
